Back to School

The kids are back in school again! Which means having fast and reliable home internet and Wi-Fi is extremely important! Is your internet speed enough for your household? Is your router up to the challenge of keeping up with everyone's usage levels?

WCCTA offers several internet packages at different price points to fit your budget and allows you to choose the best speed for your family. We also offer the option of Worry-Free Wi-Fi for only a small monthly fee of \$9.95/month, WCCTA will provide you a router, assist with troubleshooting, and more!

Contact us today (515) 352-3151, to upgrade your home network!

ACP

The Affordable Connectivity Program (ACP) is a federal program that helps low-income families afford the cost of having internet service at home. Do you qualify for ACP? There are several ways that you may qualify, here are some of those ways:

- Based on your household income
- If you or your child (or dependent) participate in certain government assistance programs such as SNAP, Medicaid, WIC, etc.
- If you or your child (or dependent) already receive a Lifeline benefit.

Once approved, please contact your Internet Service Provider to begin receiving the credit on your account.

Welcome!

We're happy to welcome Liz Johnson to our WCCTA office staff! Liz lives in Burnside with her husband, Josh and their children Jayden, Colin, and Leah.

She is learning all the ins and outs of cooperative memberships and customer service support.

Welcome to the team, Liz!

Capital Credit Retirement

The WCCTA Board of Directors voted during their August meeting to retire **20%** of the standard capital credits allocated for the year **2008** as well as **20%** of the standard capital credits allocated for year of **2021**. Late November checks totaling over \$1.2 Million will be refunded to past and present members.

While total dollar amounts for individual members are still being calculated, members having service with us in 2008 and newer members with service in 2021 will receive checks this fall.
