Be Wary of “Free” Computer Security Scans

Have you ever been scrolling through your emails, browsing documents on your computer, and suddenly, a pop-up or an ad for a “free” security scan comes into view. These ads are impersonating well-known companies and will scare you into paying for computer issues that may not exist. You should never click a link or call a phone number in a pop-up warning.

- Read the WCCTA Newsletter.
- Search the Directory for contact information.
- If you’ve missed a payment, you can easily pay online by using stored card information. Saving you a phone call!

Symmetrical Internet Speeds are Coming!

Effective June 1st, 2024, Webster-Calhoun will be introducing new residential Internet speed packages. And the best part? These packages will be symmetrical upload and download!

You may be wondering, “What are symmetrical speeds and why do they matter?”. With symmetrical speeds, you have a connection with equal download and upload speeds. Fast upload speeds provide many advantages especially to those who work from home, take online classes, or game online.

Internet Packages After June 1st

100/100: \$59.95 Starter plan: 1-2 users, general browsing and some streaming

250/250: \$99.95 Family plan: 2-4 users, general browsing and some streaming

500/500: \$129.95 Streamer Plan: 4-6 users, regular browsing and daily video streaming, system monitoring

1 GIG: \$199.95 Gamer plan: Multiple users and devices, heavy browsing, daily video streaming, gamers
